< most of current music is assumed as 25 copies as I would have to collect everyone's folders to count correctly each piece >

We currently have 26 sets of music given out, of which 23 are in use 1 for Chris Denton < America > 1 for Katy < America > and one for Christine < been unable to retrieve > or not in weekly use .

I would like to thank everyone for their cooperation during the year which has helped with a smooth turn round of music during last year, and being able to collect all the folders in over Christmas made my job much easier as I was able to give it out this year's music with much less fuss.

I would be very happy to continue as librarian for the foreseeable future but if anyone else has a burning ambition to do the job please say .
